# Dallas Children's Theater Shows

## **SCHOOLHOUSE ROCK LIVE!**

JANUARY 25 - FEBRUARY 23, 2020

If you were a kid from the early 70s to mid 80s when this series was first on TV, or in the mid 90s when it ran again; you owe it to

yourself to go back in time to the good old days. Relive how fun learning English, history, science, and math was thanks to Saturday morning television and this pop culture phenomenon! There's no time like the present to start teaching the rest of the family such megahits as Conjunction Junction, Just A Bill, Three Is A Magic Number, and others so everyone can be a part of the show! Join nervous school teacher Tom, and all of those crazy cartoon characters, for a turn-up-the-volume blast you won't soon forget! Recommended for ages 5 and up.

## **SEASON SPECIAL TEEN SCENE PLAYERS PRESENT ANDI BOI**

FEBRUARY 7-16, 2020

As more and more young people are coming to terms with gender identity and transitioning, there is a need for resources that can encourage conversation and understanding in

a safe and open environment. Dallas Children's Theater is pleased to add this topic to its series of internationally-recognized teen issue plays. Andi is a transgender teen entering his first day of school identifying as a male. Former classmates recall his last name when they hear it, but there is something different about Andi that keeps the dots from connecting clearly in their minds. Soon his new teachers, classmates, and his classmates' parents will figure it out. How will they react? With aggression? With compassion? With confusion? Inspired by one teen's journey, ANDI BOI is told with a sensitivity towards Andi and uses wit, heart, and warmth to help audiences find their way to greater compassion and awareness. Post-show conversations with subject matter resources will follow every performance.

Inspired by one teen's journey, this play is not attempting to represent the spectrum of scenarios that are going on in the transgender community, but rather to pave a way to start conversation and foster awareness and understanding.

Created especially for ages 13 and up and those who love them. (Contains adult language.)

The museum features more than 60 exhibits and installations designed to offer an insight into how the brain perceives things. It includes such photogenic exhibits as a vortex tunnel, reverse room, tilted room, infinity room, a Beuchet chair, and more.

Open every day from 10 am to 8 pm, the museum costs \$19 for adults, \$17 for students or military with valid ID, and \$15 for children ages 5-12; kids 4 and under are free. There is also a family four-pack available for \$62, saving \$6 for a family with two parents and two kids.
