# Brick Fest Live

## Jan. 20 & 21, 2024

@ Kay Bailey Hutchison Convention Center

When Danish entrepreneur Ole Kirk Christiansen founded The LEGO Group in 1932, he had no idea it would grow to be the world's largest toy company. The term LEGO actually comes from the Danish leg godt which means "play well". Well, an incredible LEGO festival is coming to Dallas and you'll want to be a part of it. Brick Fest Live is one of the largest LEGO festivals in the country and it's currently on a nationwide tour and will be stopping in Dallas for a chance for you to play well.

This unique LEGO festival celebrates these inspirational little building blocks by encouraging everyone to create something from nothing. Fun fact: Did you know that even older LEGO pieces will still connect with newer bricks? So if you have an old set from 50 years ago in your attic, it will seamlessly fit with today's bricks!

In fact, this is the largest LEGO event in America and a nationally-acclaimed festival. Brick Fest Live travels from city to city around the country and offers an unforgettable experience for the entire family

As you walk around, you will observe some of the most amazing LEGO builds. These professional builds are not only impressive, but they may leave you with a few building ideas of your own.

In addition to comfortable shoes, make sure you have room on your phone for lots of pictures! There are photo opportunities throughout this event that you will want to remember for a long time.
